

# PACKING LIST

## Importance Factor:

Absolutely essential -  
Cannot go without it

Optional - but take if  
there is enough space

Non essential - only  
for convenience

Camping equipment - Not everything has to come along - The type of camping determines what needs to be packed to come along.

For example: With bush camping, red and orange should be packed. Green remains a luxury.

Please use your own discretion.

CHECK

|                                     |        |  |
|-------------------------------------|--------|--|
| Lighter                             | Red    |  |
